

# The Prototype of a Strategic PARTner

**Need a quality contract manufacturer that offers:**

- > Precision Machining .....**GOT IT!**
- > Fabrication.....**GOT IT!**
- > Assembly .....**GOT IT!**

**With Cygnus Manufacturing Company (CMC), you get all that, and more.**

Our unsurpassed ability to provide engineering, precision machining, fabrication, assembly and distribution of products for non-invasive medical devices, scientific instrumentation, health & safety, transportation and aerospace applications makes Cygnus Manufacturing Company a partner who completely understands the challenges you face.

At CMC, we're able to do much more than just follow the specs. Instead, we combine technical excellence with business know-how and help you generate solutions that make you essential to your customers.

For a high-caliber contract manufacturer that puts all the pieces together, trust CMC – your strategic partner.
